After a new moderator edited and corrected around 3000 questions on site (whole July 2014), that were spreading so many misinformation about Islam, and after he commented on Jesus is god adverts everywhere, the following happened by asif jamil (the anti-islamic kafir with a Ph.D in Neuroscience- dedicated for running islam.com in the name of Islam to attack it while he not a Muslim):

On 28 July 2014, “asif” sent the following email revealing himself, by full name (asif jamil), and his personal email (asif08@gmail.com):

The message was as follows from asif jamil (asif08@gmail.com):

Dear brother,

First, my sincerest Eid Mubarak.

I noticed you have deleted and also closed a lot of questions from the islam.com site over the past days. I would advise that you **not delete any question** unless it is spam or has absolutely no merit or connection to islam. I realize **some questions are not really about islamic teachings or practices**, but these are members of our community, and we **should allow them to discuss their issues**. Also, please do not close any question unless the discussion is really controversial or causing some misleading ideas. Usually this is hardly the case (less than 5%).

Jazakallah for all your help. May you have a blessed Eid.

Asif

PROOF 7: QADYANI'S WHO OWNS AND RUN ISLAM.COM WITH ADMIN ASIF JAMIL ARE KAFIRS ACCORDING TO ISLAMIC RULINGS BASED ON THEIR BELIEVES AND MOTIVES AND THE STUPID SCAM OF THEIR MIZRA GHULAM

****Fatawa al-Lajnah ad-Daimah lil-Buhoth al-'Ilmiyah wal-Ifta., Volume 2, Page 313, Fatwa No. 4317****

The third question from the Fatwa No. 8536:

Question: What is the difference between the Muslims and the Qadianis (so-called Ahmadis)?

Answer: The difference between the two is:

The Muslims are those who worship Allah alone and follow His messenger Muhammad(SAW) and believe that he is the seal of the prophets, and that there is no prophet after him.

As for the Ahmadis, who are followers of Mirza Ghulam Ahmad, they are kuffar and not Muslims, because they claim that Mirza Ghulam Ahmad was a prophet after Muhammad(SAW), and whoever believes in this ideology then he is an denier of truth, according to all the scholars of Islam, as Allah(SWT) says:

"Muhammad is not the father of any man among you, but he is the Messenger of Allaah and the last (seal) of the Prophets" [al-Ahzaab, 40].

And because of what has been authenticated on the authority of the Messenger of Allah(SAW) that he said:

"I am the seal of (all) the prophets, there is no prophet after me", [Imam Ahmad - volume 2, page 398 and 412, volume 3 page 79 and 248, volume 4, page 81, 84, 127 and 128, volume 5, page 278; al-Bukhari (Fath al-Bari) number 3535; Muslim - number 2286 and 2287; Abu Dawud - number 4252].

With Allah is Success and Peace of Allah be upon his Messenger Muhammad and his Followers and Companions.

I will give you a quick track of what happened:

- 1- Since around 2 months I came to discover this site.

- 3- Asif contacted me and on his OWN made me moderator.
- 4- I read the FAQ and instructions posted by you and others laying out many guidelines for questions/ being clear/ non-personal (personal should go to community)/ related only to Islam/ and you all advised those helping to give "correct" answers/ etc. etc.
- 5- Viewing the current "miserable" state of the site, and the moderators tiresome asking of Asif to "ban" the bad people, and kafirs, and he doing it 1 time and ignoring you all 9 times, and many giving up on the site as a result; seeing all this I decided to CLEAR up the site ACCORDING to the laid out guidelines instead of answering questions (treat the old first).
- 6- So I dedicated for days on end hours sometimes reaching 10 to clear all that starting from the very beginning, and I updated and elaborated Asif via private messages on my acts, giving examples and links etc + asking for so and so to be banned due to so and so.
- 7- Asif NEVER replied to any of my efforts or requests or anything. No problem, I saw he was unavailable and ignoring moderators most of the time, so I continued doing this for Allah SWT.
- 8- After hitting the 3000 questions editing mark, and deleting many ones that were
 - for years left with no reply or exact repetitions with bad misleading answers and non-correct; or
 - had no substance or questions; or
 - were 3 pages+ long and actually written by a kafir to denounce Islam altogether; or
 - outright insulting to Islam; after deleting these,
 - e)while editing 1000+ questions to make their wording/tagging better, and organizing the correct answer and removing bad comments from non Muslims; and
- 9- After "closing" so many of them because I saw you Irfan closing "questions as answered" and because I thought this was the right thing to do.
- 10- **Also I use Ad-blocker and never saw those Christian and obscene ads (I am 33 of age by the way, male), but when I told my dad about the site he visited from his computer, and he told me about it and I was shocked, but CONTINUED my work despite of that for Allah SWT**
- 11- After all that Asif suddenly on the eve of the past Eid, with the shown email, telling me not to delete answers or close them.

12- First I complied and INSTANTLY re-opened ALL those questions I closed based on Asif reply, apologized to him, THEN I gave a long explanation + told him for Allah SWT you should remove those christian ads or filter them like other Islamic sites do using google ads, and SUDDENLY all my work was cancelled and site REVERTED and I was NO LONGER a moderator.

13- Puzzled I used a search for his email online; just HAD A FEELING CONFIRMED, so I came back, deleted my own answers (not to join and help such a site after discovering its bad aim) and POSTED warning all over instead of my answers, and that moment, I repeat I was no longer a moderator, that moment I GOT BANNED.

14- Since then it was a try to spread the truth and thanks to Allah SWT who assisted me, though many brothers here at first thought I was here to vandalize/destroy/lie; Al Hamdu Le Allah that the truth prevailed in the end.

Then this **moderator was BANNED and WORK REVERSED by the kafir asif jamil** (the anti-islamic kafir with a Ph.D in Neuroscience from University of Gottingen- dedicated for running islam.com in the name of Islam to attack it while he is not a Muslim).

Account statement of another giving examples of ANTI-ISLAMIC CONTENT LEFT ON site:

This site is run by people who are not Muslim, they are qadyanis pretending to be Muslims. This site is full of wrong answers and many misleading info, thanks to the ways its run. When an effort was made to clear it and clean it and moderate it right for the benefit of the visitors, all this was cancelled and all the misinformation was put back to mislead people to ashtray.

See for yourself the thousands of wrong answers free from Quran and Hadith/ Misleading answers advertising sects that have nothing to do with Islam/ Disbeliever obscenities and misinformation spread, just make a simple search or go through the past answers....

As for the site admin/owners, it is OFFICIALLY the qadyani kafir anti-islam organization, and thus the level and quality of misconceptions here against Islam is in accordance with their goal.

Statement published on site about who are the Qadyani (so called Ahmadiyya) movement RUNNING & OWNING THIS SITE):

Surely that this being a qadyani run and owned site with an agenda bother me and my and our Sunni Authentic Muslims have a problem with Qadyanis because (some quick facts):

1. Because they state they are Muslims while they are not.
2. Because their cursed leader said he was the promised Messiah and Mahdi awaited by Muslims (and instead of appearing just before the end of time he died ill like a dog with cholera in the public bath- no wars or anything of that sort)
3. Because they say Mohammad PBUH was not the last of the prophets, and they are yet 1000's of prophets to come.
4. Because their cursed leader said that Allah SWT was inside him and part of him!
5. Because they say that there is a continuation of divine revelation and that the Quran is not the final last revelation, and their cursed leader uttered 20,000+ verses.
6. Because they say that Buddha and Sikh leaders who created them were God sent prophets!
7. Because they blatantly called their book the Quran and translated it to over a 100 language, and call their religion Islam and preach it as the only current- renewed- authentic Islam.
8. Because they believe that Allah SWT fasts, prays, sleeps, wakes up, writes, makes mistakes and has intercourse - exalted be Allaah far above all that they say. They believe that their god is English because he speaks to him in English!!!
9. Because they called for the abolition of jihaad and blind obedience to the British government because, as they claimed, the British were "those in authority" as stated in the Qur'aan!!

Need I go more.....

I repeat and please understand; my editing of 100's of hours to around 3000 questions was all cancelled and completely reverted.

Asif bought back thousands of answers and comments that are full of obscenities against Allah SWT and Islam, and when I asked him, he BANNED me**; he is a kafir with a motive, why don't you all see that... No he is not passive, kind, quiet, gentle or anything, he is blackened with his Kufr don't you get it.

This is the essence of their work; **they turn Muslims against each other and subtly turn them against their own religion... Irfan I know he is a VICTIM of them**, he is in the wrong and the image is not clear; don't worry I am not going to turn against him only trying to make him wake up.. gradually....

Islam.com is openly anti-islamic by all means, using the name islam.com to achieve the goal of Qadyanis to attack islam from within.

All this is done by the kafir asif jamil (the anti-islamic kafir with a Ph.D in Neuroscience from University of Gottingen- dedicated for running islam.com in the name of Islam to attack it while he is not a Muslim).

Al hamdulillah, the best speech is the speech of Allah and the best guidance is that of Muhammad saws. The worst matters in the deen of islam is newly invented matters for all newly invented matters is misguidance and all misguidance will reside in the fire.. Beloved brother Asif a claim has been made and some proofs was given, I humbly ask you to say if what is said is true or not. I must say the accusations are compelling and needs to be addressed. I await your reply... salaam

First let me thank Brother Ehsan 800 for his hard work and investigation, his previous attempt in authenticating this site, and answering 100s of questions.

If the admin of the site is indeed Ahmedia, this is concerning as we all know. I pray Allah guide him, and save him and open his heart to the truth. Ameen. May Allah guide brother Asif and protect him from misguidance, and kufr. He is the Most Merciful of those who show Mercy.

However, in all honesty, Asif has not pushed Ahmedia beliefs in this site, as far as I am aware. Such acts I've never seen in this site. While the possible religious affiliation of the admin is concerning, I will also not charge him of seeking to destroy Islam. or push Qadiani beliefs. or supporting Christianity. I have criticisms and concerns of this site, which I will privately email him inshaAllah (now that I know his email)

The question now for all of us is 'now what?'. I have to think about this question myself.

This site will continue to be one of the top sites of Islam as far as I can see. People will continue to post questions.

It now becomes an important task upon the knowledgeable Muslims to help maintain this site. Authenticate it and prevent it to be a source of misguidance. I say *knowledgeable* Muslims meaning Scholars or students of knowledge, which I am not.

If anyone has any better suggestions, you are welcome to join.

Al Salam Alaykom Brother IbnFaruque

Thanks for the kind words and for the input; I however disagree strongly with its content: 1- ""Asif has not pushed Ahmedia beliefs in this site""; Its more about the Qadyani agenda, that put Asif as an MKA (their youth organization) since years to ADMINISTER islam.com for them. He follows his agenda in A) Preaching via ads for Jesus as God; B) Facilitating a medium where kafirs/ignorants spread misconception about Islam; C) Suppressing all efforts to clarify the site content to be in agreement with true Islam.

2- ""also not charge him of seeking to destroy Islam"" Sorry this part shows you are completely in the dark as to what the owners of the site/ officially the so-called Ahmadiyya US Movement/ is doing to Islam; they are completely out there to destroy it, their method: sticking to the name of Islam in everything.. So strongly that the lay person would think they are Muslims actually and give replies as yours!!

3- ""site will continue to be one of the top sites of Islam"" No, just another one exposed to act as if its for Islam; after exposing it and the news being widespread it would be known to be another storefront for Qadyani kafir agenda against Islam and Muslims.

4- ""important task upon the knowledgeable Muslims to help maintain this site"" Kafir qadyanis deem all authentic Muslims are disbelievers, so how will they be left openly to

Then **the kafir asif jamil** (the anti-islamic kafir with a Ph.D in Neuroscience from University of Gottingen- dedicated for running islam.com in the name of Islam to attack it while he is not a Muslim) immediately intervened to ban, close, delete, all that was exposed:

January 2012 - August 2012

Research Student, "Enhancing Working Memory in Healthy Controls by applying transcranial Direct Current Stimulation (tDCS)" King's College, London.

- Performed a neuroimaging study to investigate the effects of non-invasive brain stimulation in improving working memory. The study was part of a larger ongoing study to investigate tDCS as a therapy for patients deficient in this ability (ex: depression, Alzheimer's, schizophrenia).

- Applied 2-mA tDCS stimulation for 20 minutes for each subject while being scanned inside of a 3-tesla MRI scanner.

- Analyzed the resulting data with SPM-8 (Statistical Parametric Mapping) for BOLD analysis and SPSS for statistical analysis. DCS application and safety, MRI application, SPM (MATLAB) analysis, SPSS statistical analysis.

December 2009 - May 2011 Research Student, "3D Auditory Reconstruction of Praying Mantises." University of Maryland - Worked with neurophysiology professor to study the meso and meta ear of different species of Praying Mantises to understand vital auditory processes of ultrasound perception.

- Traced and triangulated different sets of two-dimensional x-ray synchrotron images of mantises prepared by Argonne Laboratory in Chicago to create a 3D model of the organism.

- Performed additional studies to calculate the distances in the tracheal air sacs so that a hearing frequency function could be computed.

Skills: Amira 3D Software, Blender 3D Software, GNU Image Manipulation (GIMP)
